14743 red slipped

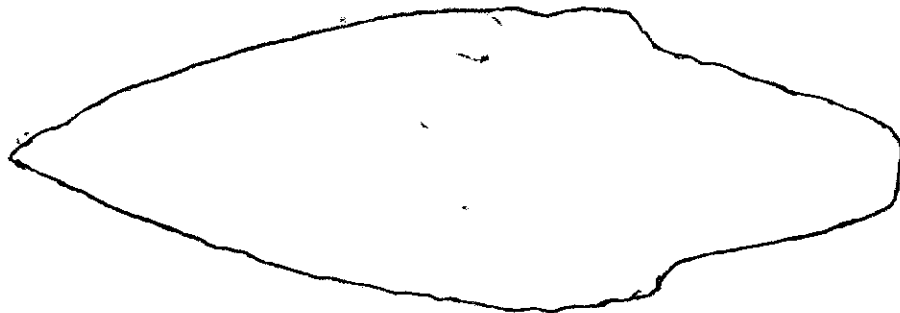

Str. 758

14150 half of a censer mold found at 803,100-1

On one side is the mold of the other is decorated with the image of a skull.

The mold is a face - pretty standard appearance see photo. Found in situ

14149 a complete lance / knife made of a mon chert found in situ

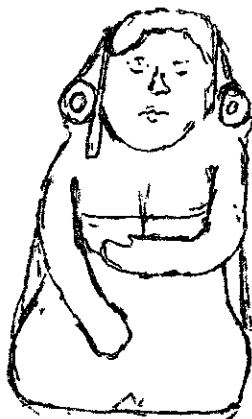

Traced (a little blown-up)

Lot 14247 2-758-801,104-5

female effigy whistle

ceramic

85% size ±

Bust is a little over-emphasized - guess it have been here too long
